Brainstorm thoughts:

- Group identified numerous vignette themes to develop from their review of the raw video footage. Members decided to initially focus on creating four vignettes on: 1) student’s aware of services, 2) Connections, 3) SCC diversity, 4) joy of being at SCC – what makes SCC great?
- Members discussed various implications from the identified themes and their potential impact to our work at an educational institution.
- Group discussed other means of using video to impact students and staff in positive ways.

Meeting adjourned.
