Sacramento City College  
Campus Safety Committee – Minutes – February 19, 2010 – 10:00 AM – CIC101

I. ADMINISTRATIVE
   a. Welcome and Approval of Minutes – The meeting opened at 11:00 am and the Minutes from December were approved.

II. ON-GOING
   a. Injury Illness Reports - Wendy Gomez was unable to attend but provided the following report: Uneven pavement near DSPS noted and called into operations. Student walked into glass panel at the new West Sac building last week 2/11. Student reported it 2/16 and is seeking medical care. Report filled out 2/16.

   There was also discussion regarding how and where students should report emergencies. The question was asked if appropriate information was contained in the Student Handbook. (Open)

   b. Traffic, Students and Roadways – Greg Hayman discussed the plan to add additional drop-off locations in both the G & H parking lots during the next TAP project tentatively scheduled for Sum 11. Also discussed was the issue of crossing control on Panther Parkway & whether funds were available to hire patrols. LRPD input requested. (Open)

III. OLD BUSINESS
   a. Smoking On-Campus – Wendy Gomez spoke with Paul Frank who volunteered to ask some of his contacts at District Office about the districts stance on the smoking policies and what would be the best way to enact change district wide. The LRCCD nurses from all four health centers want to work on this together as well. Wendy has received a couple of e-mails from faculty who are in support of the issue paper but think the nonsmoking area needs to be more than just the quad. (Open)

   b. Preparedness Awareness Team (PAT) – Greg Hayman reported that video surveillance cameras are operational, providing coverage on all parking lots and several portions of the campus as well. The Los Rios Police Department’s monitoring equipment has been installed and is also operational.

   Greg also reported he was selected by the President to be the SCC representative to the District WARN implementation team and will be attending training in it’s operation. (Open)

   c. H1N1 Flu – Wendy Gomez reported the number of people with flu-like-illness is decreasing. It is actually lower than expected for all flues for this time of year. H1N1 will return next flu season but will be included in the seasonal flu vaccine and more people will have immunity than they did this last year. (Open)

III. NEW BUSINESS
   Wendy Gomez reported Health Services will be having the annual Health Fair April 27th. The Safety Committee had a table last year, so do we want to do it again this year? (Open)

IV ADJOURNMENT
The meeting adjourned at 10:52 am. The next meeting is Mar 12th, at 11:00 am in CIC-101.
