Sacramento City College
Campus-Wide Issue/Concern Form

Committee or Individual  Jesus Martinez , Math  Date submitted  07-13-05

Issue/Concern: Students utilizing the portion of the City Café designated for staff and faculty use only.

Signature of Initiator(s):  <Jesus Martinez, Kellie Lusk  signatures on file>

Provide information, which succinctly but fully discusses the issue/concern (if necessary, add additional pages).

A. Describe the issue/concern: I have been observing that students use the Staff and Faculty dining area at the City Cafe. I feel that something needs to be done about this situation immediately. I called Kelly Lusk to voice my concern and to request for this situation to be corrected. Kelly informed that other faculty members have voiced the same concern and that she has repeatedly conveyed the message to Operations. I believe that the persons it was intended for should only use this area of the City Café. Just like students must not park in the faculty lot without a permit, they should not be occupying the dining areas that were not intended for them. I am aware of the fact that our students are very important for they make our jobs possible, but I also believe that they should be aware and respect the fact that certain areas on campus are designated for Staff and Faculty use only. We as professors and staff have earned our positions at this institution and have also earned rights to a lot of conveniences that were meant for us, not students.

B. What do you recommend or suggest solving this issue/concern? I suggest that a door be installed on the entry way to the Staff and Faculty dining area with a clear and visible sign that indicates to students that this entrance is restricted to faculty and staff only.

C. How will this recommendation support the success of SCC students and benefit the campus community? I believe that the greatest benefit will result from the fact that a lot of will be much happier during our sacred hour for eating and resting, and that this will allow us more privacy. This will make our environment more harmonious and productive since an issue that has been long bothering a lot of us who work here would have been taken care of, thus showing that our administration cares for our concerns. I do not believe that taking care of this matter will neither promote nor hinder the success of SCC students. It is an isolated matter that is not connected to academics or learning environment.

Please return this form to the Process Coordinator, Nelle Moffett, RN 221. The Initiator will be notified within 5 working days as to the committee or council that will review this issue/concern.
