Provide information, which succinctly but fully discusses the issue/concern (if necessary, add additional pages).

A. Describe the issue/concern:
   There are zero working microwaves the Student Cafeteria. I propose to Replace and add two addition microwaves in the student Cafeteria to accommodation the numerous customers during the 10:30am to 1:00pm hours.

B. What do you recommend or suggest solving this issue/concern?
   I propose to Replace and add two addition microwaves in the student Cafeteria to accommodation the numerous customers during the 10:30am to 1:00pm hours

C. How will this recommendation support the success of SCC students and benefit the campus community?
   Especially during the first days of a new semester, when funds are limited, funds have not to been allocated and/or awaiting Financial Aid benefits. The Sacramento City College students need all the support of the Staff, Administration and Management to ensure success.

   This proposal is at the basic need of a SCC student, FOOD for fuel to the brain. Some foods that students bring to campus cannot be eaten without the aid of a microwave such microwaveable popcorn. So this particular student must go hungry from 6:30am until 3:00pm, the average time, in which a full time college student spends on the campus.

Please return this form to the Process Coordinator, Nelle Moffett, RN 221. The Initiator will be notified within 5 working days as to the committee or council that will review this issue/concern.
