Campus-Wide Issue/Concern Form

Committee or Individual Carmen Hirkala Date submitted 3/27/08

Issue/Concern Discontinuing Shuttle Service

Signature of Initiator(s) (electronically sent) Carmen Hirkala

Provide information, which succinctly but fully discusses the issue/concern (if necessary, add additional pages).

A. Describe the issue/concern:

An email was sent through the campus exchange regarding the discontinuing of shuttle service for students, due to low usage numbers. I have serious concerns about not providing some sort of safety measures for students, particularly those here late at night, to securely reach their cars.

B. What do you recommend or suggest solving this issue/concern?

- Allow this matter to be discussed by the Campus Safety Committee and the appropriate constituency senates/organizations before a decision is reached to allow for ample feedback.
- Post and advertise more regarding the pros of using the service and survey students not using the shuttle to determine what changes can be made to make it more appealing.
- Provide a cost analysis/recommendation of the benefits and deficiencies in operation of the shuttle service and research alternate measures that can be taken.

C. How will this recommendation support the success of SCC students and benefit the campus community?

Safety of everyone on campus should be one of the most important topics discussed. The shuttle provides a necessary function, and loss of it should be discussed with as many members of the community as reasonably possible.

Please return this form to the Process Coordinator, Nelle Moffett, RN 221. The Initiator will be notified within 5 working days as to the committee or council that will review this issue/concern.
