IT Committee Recommendations
The unit plan requests were ranked as follows:

### IT Projects
1. MET2
2. MUS-7 (tie)
3. Transfer 3 (tie)
4. TA03
5. Art 7
6. HS 10*
7. DSPS-18
8. BSO 1
9. PHOTO 10
10. MATHSTAT-6*
11. WSC-1
12. OI-16R
13. JOUR-6*
14. DSPS-8*
15. SOC-2*

### Smart Classrooms
1. PEHA-4
2. CAC-6
3. CHEM-1
4. BIOL-1
5. GEOG - 1
6. Engrd 13
7. MATHSTAT-2

Requests for smart classrooms and smart carts were ranked highly this year. Historically, this has been the case. To better facilitate project rankings and more intelligently assess the campus need for smart classrooms, the IT Committee has included two separate rankings; one for smart classrooms and one for other IT projects.

Additionally, The IT Committee identified a number of requests, indicated above with an asterisk, that we are not recommending at this time. Items were marked as such not as a rejection of the objective or overall request, but because there were unanswered questions about need, feasibility, timeline and/or whether suitable alternatives had been explored.

A final issue the IT Committee considered in determining project rankings was partial funding for certain items. During presentations to the IT Committee some presenters indicated partial funding would be acceptable, in other cases partial funding seemed logical. Specifically the IT Committee would like to make it known that the IT Committee’s recommendation for TA03 only covers the software licensing portion of that request and not the materials or personnel included in that request. Also, at committee presentations it was indicated that the BIOL-1 request of two smart carts could be pared back to one at this time.

An additional note on working with the Budget Committee
We appreciate the situation the Budget Committee is in with regards to timelines; we encounter the same issues. It would help the IT Committee tremendously if we could better coordinate our project ranking processes in the future, so that we might avoid the short deadlines so often imposed on us during the project ranking process.

The complete rankings are attached in Excel format.

Thank you,

The IT Committee
