Present: Marybeth Buechner, Dena Chubbic, Jim Comins, Anne Danenberg, Virginia Gessford, Thomas Greene, Amanda Hamilton, Kelly Irwin, Anne Licciardi, Tracey Valverde

It was noted that the PRIE proposal drafted in the fall was going to the Executive Council and would most likely be placed on the March 16 agenda. The PRIE Committee suggested we send an email to the VPs in advance to begin the conversation of how we might assist in the data review process.

It was agreed that prior to our next meeting (see below) we would review the data that was provided to CSPC (found on insidescc). The meeting will focus on the data and the support that the PRIE Committee can provide to the process.

A brief discussion about the mission statement occurred. Committee members were asked to consider whether the mission statement

- should explicitly reference the fact that we are a degree and certificate granting institution
- should reference distance education in light of the recent Substantive Change report filed with the ACCJC

It was suggested that the phrase “wide range of educational opportunities” was sufficient as degrees would be part of the educational opportunities. No particular comments about distance education were noted.

Next meeting: Friday, March 13, 9 – 10:30 am in City Café #2
